2020 General Election
Required Polling Site Safety Measures

1. Mask are required at all times when voters are present in the polling site.
(poll workers are not required to wear mask (but recommended) when there is no-one actively voting)
2. Every voting machine will be disinfected after each voter is finished.
3. Masking tape to mark social distancing.
4. One tablet per table when checking in voters. Hand sanitizer will be available at every table for workers and voters to use.
5. Trash can by exit door to collect the stylus and other cleaning material.
6. Mark tables with tape for voters to place their Photo ID.
